## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

#### Reporting Entity

The financial report is for the entity Golden Age Property Investment Fund 5 ('the Fund') as an individual entity. The Fund is an unlisted managed investment scheme established and domiciled in Australia. The Trustee of the Fund is Vasco Investment Managers Limited, and Golden Age Capital Pty Ltd is appointed as the investment manager of the Fund.

#### Financial Reporting Framework

The Fund is not a reporting entity, because in the opinion of the directors of the Trustee, there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored, so as to specifically satisfy all of their information needs. Accordingly, this special purpose financial report has been prepared to satisfy the directors of the Trustee's reporting requirements under *Corporations Act 2001*.

#### Basis of Preparation

The financial report is a special purpose financial report that has been prepared in accordance with the recognition and measurement requirements of all Australian Accounting Standards (including Australian Accounting Interpretations), and the disclosure requirements of AASB 101: Presentation of Financial Statements, AASB 107: Statement of cash flows and AASB 108: Accounting Policies, Changes in Accounting Estimates and Errors.

The functional and presentation currency of the Fund is Australian dollars.

#### Significant Accounting Policies

##### (a) Financial instruments

Financial assets and financial liabilities are recognised on the Fund's Statement of Financial Position when the Fund becomes a party to the contractual provisions of the instrument.

##### *Cash and cash equivalents*

Cash and cash equivalents comprise cash on hand and demand deposits and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

##### *Financial liabilities and equity*

Financial liabilities and equity instruments issued by the Fund are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. The accounting policies adopted for specific financial liabilities and equity instruments are set out below:

##### *Issued units*

The Fund issues units which have a limited life under the Fund's constitution and are classified as equity in accordance with AASB 132 Financial Instruments: Presentation as amended by AASB 2008-2 Amendments to Australian Accounting Standards – Puttable Financial Instruments and Obligations Arising on Liquidation.

## GOLDEN AGE PROPERTY INVESTMENT FUND 5

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2017

#### NOTE 1: SIGNIFICANT ACCOUNTING POLICIES (continued)

##### (a) Financial instruments (Continued)

Should the terms or conditions of the units change such that they no longer comply with the criteria for classification as equity in the revised AASB 132, the units would be reclassified to a financial liability from the date the instrument ceases to meet the criteria. The financial liability would be measured at the instrument's fair value at the date of reclassification. Any difference between the carrying amount of the equity instrument and the fair value of the liability at the date of reclassification would be recognised in equity.

Where the Fund buys back any of its units from unitholders, the consideration paid, including any directly attributable incremental costs are recognised as a reduction in equity attributable to the Fund's unitholders.

##### (b) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense. Receivables and payables in the statement of financial position are shown inclusive of GST, and accruals are shown exclusive of GST.

##### (c) Income tax

Under current legislation, the Fund is not liable for income tax provided its taxable income is fully distributed to unitholders.

##### (d) Critical judgements and significant accounting estimates

The preparation of financial statements requires the directors of the Trustee to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

##### (e) Comparatives

As the Golden Age Property Investment Fund 5 commenced operations this financial year, there are no comparative numbers for the year ending 30 June 2016.

##### (f) Foreign Exchange

Items included in the financial records are measured using the currency of the primary economic environment in which the entity operates (functional currency). The financial statements are presented in Australian dollars, which is the presentation currency of the Fund.

The financial position and performance of foreign operations with a functional currency other than Australian dollars are translated into the presentation currency, using the exchange rate prevailing at the dates of the report from ANZ Bank (US\$1 equals AU\$0.76973). The assets, liabilities and equity items are translated using reporting date exchange rates.
